**Updated Measures on Restriction of Entry into Japan for Foreigners**  
(28 December 2020)

**1. For entry of Indians into Japan**

- a) No new visas will be issued by the Embassy/Consulates of Japan in India with immediate effect
- b) Those having valid visa and had plans to travel to Japan can do so till 03 January 2021.
- c) On and after 04 January 2021, entry into Japan will not be allowed for even those who already have visas.
- d) Those who have returned from Japan temporarily and hold re-entry permits can travel back to Japan as of now.
- e) For emergency or exceptional cases, guidelines will follow in due course of time.
- f) RT-PCR negative report before boarding, followed by RT-PCR test on landing in Japan, is mandatory for all now.
- g) 14 days self-quarantine is mandatory, and is to be strictly followed.

**2. For return or departure from Japan**

- a) All measures (flight landing/quarantine/PCR, etc) as laid down by Government of India will apply.
- b) Those who wish to travel back to India from Japan temporarily must take re-entry permit without fail.
- c) Availability of flights will depend on the airlines and landing permission.

**3. Given the emerging situation, it is recommended that people should consider travelling only if it is entirely unavoidable.**
