

The Federation of Indian Chambers of Commerce & Industry (FICCI) is organizing **LEADS 2020** from **12th - 15th October, 2020** on Virtual Platform.

LEADS 2020 is unique multifaceted 4-day global thought leadership initiative curated as an engagement platform for insights into five fundamental questions that underlie the quest for global economic prosperity with sustainability, inclusivity and social well-being. **LEADS 2020** is an endeavor to evolve a shared vision among global leaders, to re-imagine economic growth in the pillars of globalization and 'Atma-Nirbhar' economy.

In the backdrop of self-reliance, economic resilience and multilateralism, the focus would be 21st century challenges and giving a fresh meaning to global business value chains. This FICCI initiative is curated towards this objective at a time when there is a need to reaffirm solidarity across borders with optimism for the future. Global leaders from 16 countries will be sharing their thoughts and participants from 44 countries across the globe have already registered for participation. In addition, a new feature for interactive meetings among delegates who have registered for any of the 11 regional theme sessions will be introduced. This is the "**Business Network Lounge**" which will enable registered delegates to request meetings of their interest, with other participants at LEADS 2020. The service shall be facilitated by a special FICCI business networking team.
