

POWERGEN India, Indian Utility Week & DISTRIBUTECH India 2022, New Delhi

(October 12-14, 2022)

POWERGEN India, Indian Utility Week & DISTRIBUTECH India is scheduled to be held during 12-14 October, 2022 at New Delhi. The theme of the event is "Building a Modern Power System". It intends to bring together over 200 Exhibitors & 8000 qualified professionals from the entire value chain of the global power generation, transmission & distribution under one roof. Part of the world's largest series of Energy Events organised across USA, Europe, Africa, SE Asia, Africa & India, the co-located events will bring an unprecedented authority, with insights shared by the world's most forward-thinking policy makers, regulators, industry titans, thought leaders & experts.

The combined events would host the environment for the energy ecosystem stakeholders to:

- Unpack the industry's priorities including its visionary reforms, decarbonization pathways, breakthrough technologies, low cost capital investments & strategies for long-term sustainable and inclusive growth.
- Access the unparalleled opportunities offered by India's evolving energy mix, accelerated transition to climate neutral energy sources, its exponential growth in demand for affordable access to modern energy services & a net-zero emission future.
- Amplify their thought leadership, showcase their cutting edge solutions for India's next generation power systems, engage with the strategic stakeholders of the Indian energy industry and catalyze their demand generation initiatives!

Further details on the above if any, please contact Mr. Sunny Mehta, Head Partnerships (M: +91-9711433168, E: sunny@itenmedia.in).
